Name of Puppy: _____ Breed: Goldendoodle

Price: _____ Additional Fees: _____

DOB: _____ Total: _____

48 Hour Guarantee

Seller agrees to replace the puppy(if another one is available) or refund the cost of the puppy if a licensed veterinarian judges it to be a non-healthy condition. If the sale is on a weekend, the sale is considered to be at 10 AM Monday. The puppy must be returned to the seller unharmed. No veterinarian fees or transportation cost will be paid. Great care has been exercised to ensure the puppy is free of parasites, worms, or coccidia. Since these are very common in puppies, the guarantee does not cover these easily treatable conditions.

1 Year Guarantee

Health guarantee against genetic defects that make the puppy unsuitable for a "family pet". BUYER understands that the following slight genetic defects are not considered serious or life threatening and therefore are not covered: umbilical hernia, inguinal hernia, cherry eye, undescended testicle, under bite or over bite, grade 1 or 2 patellas. BUYER is responsible for shipping cost incurred for a replacement puppy in the case of a genetic defect or BUYER may choose to keep puppy and accept all responsibilities. SELLER is not responsible for shipping costs.

Injury beyond seller's control is not guaranteed. Should death occur, BUYER will provide SELLER with a veterinarian statement stating cause of death, to be examined by SELLER'S veterinarian. If justifiable both vets, SELLER will then provide a replacement puppy if available and if not a refund of puppy price. BUYER may choose to keep the puppy and accept all responsibilities. SELLER is not responsible for any veterinarian bills or expenses.

Buyer is required to keep puppy on a shot program. Boosters need to be given by the age of 16 weeks. Seller will send shot record with puppy informing new owners of the immunizations given. Buyer must take puppy to the vet by 16 weeks or as close to that age as possible to maintain the shot requirements. Seller recommends that the puppy is wormed every month for the first year of life.

Buyer Responsibility:

The buyer agrees to pay the Breeder xxxx.xx

The buyer agrees to feed their puppy only premium quality food.

The buyer agrees to make and keep annual veterinary appointments for their puppy.

The buyer agrees to keep all immunizations current.

The buyer agrees to follow their veterinarians recommendation on worming and flea and tick control.

I have read and agree to the terms and conditions above.
